7. Name(s) of local area that will be served by the project (counties, cities, municipalities, etc.):

8. Describe the anticipated market for ethanol at the project site, including major roadways within the service territory and other information that you feel would be useful in evaluating the potential effectiveness of this project:

9. Will the pumps utilize resources (feedstock, refined product, or both) produced in ND?

Yes No

a. Please list where you anticipate getting your supply:

10. Reporting Ethanol Consumption. I am willing to share ethanol volumes sold for a six month period prior to and during the first 24 months after installation of Blender Pumps to the North Dakota Corn Council.

Yes No

Certification:

I, the undersigned authorized representative of the applicant, certify that to the best of my knowledge the information in the application is true and correct, and, if funded, the applicant will carry out the project activities in the manner described in this grant application and sell ethanol for a minimum of 24 months at the retail location listed above. Failure to sell ethanol at the agreed upon minimum blends for 24 months will result in the return of the ND Corn Council Incentive Program Grant Funding back to the ND Corn Utilization Council. I further certify that the applicant represents a gasoline retail station within the state of North Dakota and is in compliance with all local, state and federal laws and regulations for constructing and operating motor fuel storage and dispensing equipment.
