

FLEX FUEL VEHICLE GUIDE

The FFV system is available in each of the Chrysler models listed below. Each model year 2008 and newer vehicle will have a yellow fuel cap and a badge. To determine if the vehicle is E85 compatible, Chrysler designates flexible fuel vehicles with the last letter of the 12 character Test Group Name posted on the Vehicle Emissions Control Information label, found under the hood. The Test Group Name is located on the right of the label, just below the engine size. Look for "Group: XXXXXXXX.XXXX" then check to see if the last letter falls within the letter groups at the right

CHRYSLER Vehicle	Engine	2010	'09	'08	'07	'06	'05	'04	'03	'02	'01	'00	1999	'98	2009-10	1998-2008
Chrysler Aspen	4.7L		X	X	X										A thru F	P thru V
